

Decimals Lesson 2

Tenths and Hundredths

What are tenths and hundredths?

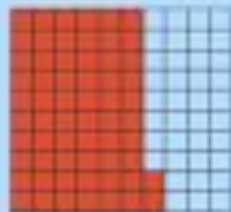

A tenth is one part out of ten (0.1).

A hundredth is one part out of one hundred (0.01).

Place Value Chart

Tens	Ones	.	Tenths	Hundredths
0	0	.	6	2

$$0.62 =$$

Comparing Decimals

Step 1: Look at the tenths.

Step 2: If they're the same, look at the hundredths.

Examples:

$$0.5 < 0.75$$

$$0.32 > 0.3$$

Visual Example

(9 out of 10 blocks filled)

0.9

How to say it?

Point nine or nine tenths as a fraction

Spanish: Punto nuevo
